PROJECTS

[Apna Video Call](#)  | [WebRTC](#), [Socket.IO](#), [JWT Authorization](#), [Express](#), [MongoDB](#) [Live Site](#)

- * Developed a full-stack real-time video calling application using React, Express, and MongoDB.
- * Implemented **WebRTC** for peer-to-peer video/audio communication and **Socket.IO** for real-time signaling.
- * Secured the application with **JWT based authentication and authorization** and deployed it on cloud hosting.
- * Designed a responsive UI and deployed the application on cloud hosting, with version control via **Git/GitHub**.

[Z - TradeBot](#)  | [React.js](#), [Express](#), [MongoDB](#), [JWT Authorization](#) [Live Site](#)

- * Built a full-stack **Zerodha-inspired trading platform** using the **MERN stack**, featuring a modern landing page and a secure, role-protected user dashboard.
- * Implemented **JWT-based authentication and authorization** to support secure user signup, login, and access-controlled dashboard routes.
- * Developed interactive **data visualizations**, including **vertical bar charts** and **doughnut charts**, to represent portfolio distribution and trading insights within the dashboard.
- * Designed responsive UI components using **React.js** and modern CSS techniques, ensuring smooth performance across desktop and mobile devices.

[WanderLust- Travel and listing Platform](#)  | [MongoDB](#), [Express.js](#), [Node.js](#), [EJS](#) [Live Site](#)

- * Developed a full-stack **travel accommodation web application** inspired by Airbnb, enabling users to browse, add, edit, and manage property listings.
- * Implemented **CRUD operations** for listings with image uploads, descriptions, pricing, and location details.
- * Built secure **user authentication and authorization** using sessions and role-based access control.
- * Integrated **MongoDB** for structured data storage and **Express.js + Node.js** for backend routing and business logic.
- * Designed dynamic server-rendered views using **EJS templates** and responsive layouts for seamless user experience.
